Dear Sir or Madam,

Greetings of the day!

I am writing to pursuing a MBA degree programme at your esteemed university. Currently I'm facing a lot of difficulties in digiversity application like could not able to attend live sessions and lecture videos as well as LMS material is not in proper way.

When I first learned of this problem, I contacted Mr . Irfan with attached photo and screen recording videos and he was told that nothing could be done about my problem you have to login with Google Chrome inspite of our application.

I would greatly appreciate if you could provide me with more information about the program including course study material in PDF form and google chrome link for further studie.

Thank you for your support.

Regards,

Ms.Roshani Satpute.
